Energy Services Manager, Crowborough

Following the acquisition of C-Matic in June 2011, the appointment of the Energy Services Manager for the Crowborough site has been finalised.

I am pleased to announce the appointment of **Martin Stephenson** to the position of **Energy Services Manager**, reporting to myself effective from 1 September 2011. Martin will be responsible for integrating the C-Matic business into Schneider as well as developing and implementing a coherent strategy to profitably grow this part of the business.

A further announcement to confirm reporting relationships will follow in due course as soon as they are agreed.

I am sure you will join me in wishing Martin every success in his new role and will offer him every support.

Tony Garnett
General Manager, Services
